MESSAGE FROM THE DIRECTOR

THE POWER OF TRUTH: YOUR LEGAL FORTRESS AT SEA

To our Valued Partners,

In the maritime industry, risk never warns. A minor discrepancy or an unforeseen accident under time pressure can jeopardize your entire financial standing.

At VM CONTROL, we don't just observe. We establish objective truth to protect your interests.

INSTANT RESPONSE (2–4 HOURS): On-site 24/7 across all Vietnam ports. We neutralize disputes at the source before they escalate.

GLOBAL STANDARDS: Every report is anchored in SOLAS, CSS Code, and CTU Code. These are your legal weapons in any negotiation or insurance claim.

DECISIVE CLARITY: We provide the facts you need to maintain control and act with confidence under pressure.

When risk strikes, timing is not a choice—it is your survival factor.

VM CONTROL: TRANSPARENT TO PROTECT. SHARP TO LEAD.

Pham Quang Hai
Director – VM CONTROL

TECHNICAL GOVERNANCE

BUILT ON TRUST – BACKED BY AUTHORITY

TECHNICAL AUTHORITY & LEADERSHIP

Our technical integrity is anchored by a board of seasoned industry experts, whose profound maritime wisdom and decades of high-stakes experience serve as the final filter for objective, specialized, and legally robust insights.

EVIDENCE INTEGRITY PRESERVATION SYSTEM

100% of field evidence is GPS-tagged and timestamped, ensuring irrefutable data authenticity and a secure chain of custody for all inspection findings.

RESPONSIBILITY & COMPLIANCE

P&I INSURANCE

VM CONTROL maintains a comprehensive Professional Indemnity (PI) insurance policy—a robust financial shield providing maximum liability protection for our clients' interests.

INTEGRITY POLICY

Strict zero-tolerance policy for bribery and commercial conflicts of interest. Integrity is our non-negotiable foundation.

HSE STANDARDS

Uncompromising adherence to Job Safety Analysis (JSA) and Stop-Work Authority to ensure zero-harm operations in any environment.
